

With nearly 40 years of service to the grain processing industry, Codema, LLC has built a solid reputation of success by consistently meeting customer demands for design, equipment and process system engineering. From the beginning, Codema has always taken an individual, innovative approach to problem solving, and this “out of the box” thinking continues to be acknowledged by many of our lifelong customers with additional orders, projects and referrals.

Codema’s headquarters are located near Minneapolis, MN, in a 30,000+ square foot office, manufacturing and warehouse facility. We offer consulting, engineering and design services, equipment and systems sales, construction, start-up supervision, as well as a host of other services on a worldwide scope.
